

We Did it-MK 2022

(Edited 5/8/23)

And now it is a ripple, we shall watch & see-
Feel the flow down deep in you and in me.
More ups & downs along the way?
Some won't get it-(not even this play.)

But all is not lost, the ones drawn near
Will reap the benefits of more love, less fear.
**Poets, sages, Thornton Wilder too, keep aiming us high to help us through.
As this world may seem so harsh and so mean,
God's got you, Beautiful Soul, for this I've seen.
Just open your eyes, rekindle that spark..
Divine is within, wake up and say "Hark!"
Each moment above ground is so rich with life.
The choice is yours:
More peace & less strife?
Or hang tight to the struggle, the doubt & the fear?
Choose wisely right now, true JOY is right here.

**Caroline, Eckart, Oprah too,
