

Adam Delouche

My wife, Lexi, and our two sons, Garrett (22) and Cameron (9) moved from Houston, Texas to Northern Virginia in February 2022. Once we settled in, we decided to look for a new church home. Although we live in Fairfax County, we decided to give Emmanuel and Middleburg a try as a way of “getting out of town” to a more relaxed, beautiful environment. We instantly fell in love with Emmanuel, decided to join, and were received into the Episcopal Church in 2022. Before moving to Northern Virginia, we were members at St. Paul's United Methodist Church in Houston, Texas. While at St. Paul's I was on the Construction and Scholarship Committees, and remain on the Ordinary Life Steering Committee. Lexi served as the President of St. Paul's United Methodist Women and a member of the choir. In our time at Emmanuel, I have proudly served as a lay reader, Lexi has served as a member of the choir, and Cameron has been involved with Sunday school. I am a Licensed Professional Engineer, currently working in Tysons, VA in real estate development, and am an Executive MBA candidate at the University of Virginia, Darden School of Business, class of 2025.
